- 1.14.2. Where a wicket falls 5 runs shall be deducted from the team score

1.15. League Placings

- 1.15.1. Where there is a tie on points in a league, and there are two clubs tying, then the result of the match between these teams will determine finishing positions.
- 1.15.2. If there are more than two tying, finishing positions will be determined by the Youth Committee.

1.16. Cup Competitions

- 1.16.1. In Cup competitions where a game finishes in a tie on runs scored the following shall apply:
 - 1.16.1.1. the side having lost fewer wickets will be declared the winners
 - 1.16.1.2. Where wickets lost are the same, then the game will be replayed unless otherwise specified by that competition’s rules.
 - 1.16.1.3. Where a replay is tied and wickets lost are also equal, then the winner will be the team with the higher score at a point 5 overs less than the competition overs maximum, and, where there is still equality, at each over counting back from that point.
- 1.16.2. Any replay will be played at the reverse ground from the original fixture
- 1.16.3. Where a cup competition has two or more teams from the same club taking part, players may only play for one team in that cup. For clarity players that play a match cannot play a later round for another team in the same cup competition.

1.17. Time

- 1.17.1. In matches consisting of 20 overs, and where time is a critical factor, each innings can consist of 10 overs bowled consecutively from one end followed by 10 overs from the opposite end.

1.18. Safety Regulations

- 1.18.1. These Directives are applicable to all competitions played under the CL Regulations, and they apply to boys and girls. Any reference to he/his should be interpreted to include she/her.
- 1.18.2. It must be noted that the Directives are aimed at an individual's age as opposed to the age group of the Competition being played. For example, a player who because of his age, falls into the under 15 group, must abide by the restrictions laid down for that age group. This will apply even though he may be playing in an under 17 Competition. He cannot bowl / field using the under 17 restrictions, he is still bound by the under 15 restrictions.
- 1.18.3. Batting Directive – any batsman under the age of 18 (on the day of the match) must wear a helmet when batting. Non-compliance with this Directive will result in the umpires stopping the game immediately and instructing the batsman to put on a helmet.
- 1.18.4. Fielding Restrictions
 - 1.18.4.1. No young player in the under 15 age group or younger shall be allowed to field closer than 8 yards (7.3m) from the middle stump, except behind the wicket on the off side, until the batsman has played at the ball.
 - 1.18.4.2. For those in **U13 or U11** competitions the distance is 11 yards (10m).
 - 1.18.4.3. These minimum distances apply even if the player is wearing a helmet.
 - 1.18.4.4. Should a player in these age groups come within the restricted distance, the umpire must stop the game immediately and instruct the fielder to move back.
 - 1.18.4.5. Any player in the under 16 to under 18 age groups who has not reached the age of 18, must wear a helmet, and for boys, an abdominal protector (box) when fielding within 6 yards (5.5m) of the bat, except behind the wicket on the off side.
- 1.18.5. Wicket-keepers
 - 1.18.5.1. All wicket-keepers under the age of 18 (on the day of the match) must wear a helmet when standing up to the stumps. This applies to all speeds of bowling. Non-compliance with this Directive will result in the umpires stopping the game and instructing the wicket-keeper to put on a helmet, or stand back from the stumps.
- 1.18.6. Bowling Restrictions
 - 1.18.6.1. For the purpose of these Directives, a fast bowler is defined as a bowler to whom a wicket-keeper in the same age group would in normal circumstances stand back to take the ball. This does not preclude the umpires from insisting that these Directives apply even though the ability of the wicket-keeper means that he is capable of standing up to what they consider to be a fast bowler.
- 1.18.7. Directives for matches

- 1.18.7.1. Having completed a spell, a bowler cannot bowl again, from either end, until an equivalent number of overs to the length of his spell has been bowled from the same end. If a bowler only completes part of his permitted spell, the above restriction still applies. For example, if he is allowed 7 overs, but only bowls 4, he cannot bowl again, until 4 overs have been bowled from the same end. He cannot resume his 'spell' after 2 overs from the same end, claiming that he is allowed another 3 overs to make up his 7. However, a bowler is allowed to change ends during a spell without taking a rest. This can only be done provided that he bowls the next permissible over from the other end.
- 1.18.7.2. If there is an interruption in play, whether scheduled or not, he will be allowed to count time off the field as part of his 'rest time'. During this interruption, the bowler may count every 7 minutes of the interruption as being equivalent to 1 over at each end.
- 1.18.8. If play is interrupted for any reason for less than 40 minutes, any spell in progress at the time of the interruption can be continued after the interruption up to the maximum number of overs per spell for the appropriate age group. In this case, the bowler cannot claim any time off the field as rest time and his spell will still be in progress even though play is suspended. If the spell is not continued after the interruption, the bowler cannot bowl again, from either end, until the equivalent number of overs to the length of his spell before the interruption has been bowled from the same end. If the interruption is of 40 minutes duration or more, whether scheduled or not, the bowler can commence a new spell immediately.
- 1.18.9. Once a bowler covered by these Directives has bowled in a match, he cannot exceed the maximum overs per day for his age group even if he subsequently bowls spin. He can exceed the maximum of overs per spell if bowling spin only, but cannot then revert to bowling fast until an equivalent number of overs to the length of his spell has been bowled from the same end. Any spell that includes fast bowling must not exceed the maximum number of overs per spell even if some of the spell is of spin.

1.18.10.

Age	Max overs per spell	Max overs per day
Up to 13	5 overs per spell	10 overs per day
U14, U15	6 overs per spell	12 overs per day
U16, U17	7 overs per spell	18 overs per day
U18, U19	7 overs per spell	18 overs per day

- 1.18.11. The figures for the match and practice sessions are based on players bowling in no more than 4 matches or practice sessions per week for age groups up to and including U19 and for a maximum of 2 days in a row.
- 1.18.12. Players can play in other matches provided that they do not bowl.

1.19. Umpires' responsibility

- 1.19.1. The umpires are expected to monitor these players and keep records of the overs such players bowl. Once the maximum allowance for any one spell has been reached, they will inform the player and the captain accordingly, and

will not allow the player to bowl again until the requisite rest period has been fulfilled. Prior to the game, the manager / coach / captain will inform the umpires in writing, of any player who comes under this Directive. If during the game, the umpires consider that any other players come under this Directive, they shall inform the Tournament Director and manager / coach / captain as soon as is practical, that these players shall be subject to the above Directives.
