**Law 1.2 Nomination and replacement of players** is replaced by:

- 1.2.1 Each club must submit their team on the Cricket Leinster website, and print out three copies of the official teamsheet. Prior to the toss, the team sheets should be visibly displayed for opposing captains, umpires and scorers. Every attempt to limit sharing/touching of teamsheets should be made.
- 1.2.2 Late changes to the team may be made before the toss but must be specifically brought to the attention of the umpires at the toss. Submission of selected teams on the website is mandatory and regular non-submission may lead to the imposition of a penalty by the OCC. In these competitions, the penalty would normally be one point.
- 1.2.3 The toss should take place 30 minutes before the start of play, in the presence of at least one of the appointed umpires. Each captain shall nominate 11 players in writing to the umpires no later than 30 minutes before the start of the match. No player may be changed thereafter without the consent of the opposing captain.
- 1.2.4 All those nominated shall be eligible to play for that team, in accordance with CL's General Playing Regulations.
- 1.2.5 In addition, by their nomination, the nominees shall be deemed to have agreed to abide by all the applicable CL Regulations pertaining to cricket and, in particular, the Disciplinary Code of Conduct.
- 1.2.6 Teams will consist of a mix of adult and youth players. Each team will contain a minimum of 5 players registered as youth players on the CL website for the current season. Captains are encouraged to involve their youth players' participation in each match. Youth players will bat in the top six and/or bowl a minimum of three overs or keep wicket.
- 1.2.7 Teams will appoint a team manager for each match. The manager will accompany the team and will stand as club umpire for the duration of the match. No team may object to the opposing team's manager. If a team does not nominate a manager for any match, they must select a nominated adult player to act as manager and play with one player less. Under these circumstances, a team may add an extra youth player to make up the eleven. Clubs should encourage both boys and girls of the appropriate skills to play in these matches

- 2.2.2 Cancelling of matches. No match may be called off, irrespective of weather conditions, before the official starting time, except with the agreement of the officially appointed umpires, at least one of whom shall have first inspected the pitch and determined that no play would be possible on that day. The umpires shall decide on whether the pitch is playable or not, taking into account the views of the ground authority. If distance prevents the umpires' inspection, they shall seek the opinion of the ground authority before making a decision to call off the match. If umpires are not appointed and adverse weather conditions render the match unplayable, the home captain shall discuss this with the visiting captain before any decision is taken to cancel the match.

### **Law 9.6 Maintenance of footholes**

In addition to Law 9.6, the umpires shall allow, if necessary, the reurfing of footholes made by bowlers in their delivery strides or the use of quick-setting fillings for same. ### 9.9 Protection and preparation of adjacent pitches during matches.

13.8.2 **Division 20** In the event of a weather forecast that suggests a likely foreshortening of the match, the umpires may, in conjunction with the captains, decide in advance to shorten the duration of the match in order to achieve a result. In these circumstances, they will reduce the match to the longest duration of match that they believe it will be possible to achieve, subject to a minimum of 17 overs per side. Such a decision may only be taken because of a poor weather forecast, and not to accommodate players needing to leave the match before the likely close of play or for any similar reason. **13.10 Further interruptions**

13.12.4 The following table clarifies the allocation of overs per bowler in reduced overs matches:

#### Law 16.2 A Win – one innings match

16.2.1 The side which has scored in its one innings a total of runs in excess of that scored by the opposing side in its one completed innings shall win the match. See Law 13.6 (Completed innings). Note also Law 16.5 (Winning hit or extras).

16.2.2 Save for circumstances where a match is awarded to a team as a consequence of the opposing team's refusal to play (clause 16.3 below), a result can be achieved only if both teams have had the opportunity of batting for at least 17over, unless the team batting second scores enough runs to win in less than 17 overs.

16.2.3 Save for circumstances where a match is awarded to a team as a consequence of the opposing team's refusal to play (clause 16.2 below), all matches in which both teams have not had an opportunity of batting for a minimum of 17overs, shall be declared a No Result.

#### Law 16.5 All other matches – a Tie or Draw is replaced by:

16.5.1 A Tie – If the scores are equal, the result shall be a Tie and no account shall be taken of the number of wickets to have fallen for both teams. Points will be shared (see Clause 16.12.1 below).

In the event of a walkover occurring, the forfeiting team is fined 15 competition points, and the opposing team is awarded the win and 25 competition points.

16.11.2 If the forfeiting team believes there are exceptional circumstances surrounding the forfeit, they may register an appeal with the Secretary of the OCC within 48 hours of the start time of the match, copying in the Secretary of the opposing team.

### 16.12 Scoring of Points

16.12.1 Result Points

#### Division 20

- For a win, a team scores 20 points
- For a tie, both teams score 12.5 points (bonus points do not apply in tied matches)

#### Minor 2 Cup

16.12.2 The Minor 2 Cup will be played in two stages. In the first stage, teams are drawn into groups, with teams playing between six or seven matches. At the end of the group stages, the top two teams in each group progress to knockout Semi- Finals, culminating in a Final.

16.12.3 Competition points shall be awarded in the group stages on the following basis:

- For a win, a team scores four points.
- For a Tie or No Result, a team scores two points.

Teams in each group will be ranked according to the most points scored.

16.12.4 In the event of two or more teams being level on points, positions will be determined by the following tie-breaks:

- Teams will be ranked according to the number of points achieved in matches between other teams level on points (head to head).
- If there remain two or more tied times, teams will be ranked according to their Net Run Rate (see 16.13.3 below).
- Should these tie-breaks not resolve the matter, an open draw between the teams still tied will be held.

16.13.2 Bonus Points

**Division 20**

Bonus points shall be awarded in respect of each match where there is a winner and a loser. A total of five bonus points is available in each such match, and will be allocated to the two teams, on the basis of the margin of victory. Where interruptions during the match result in a difference in the number of overs per side, the lower of the two figures will determine which set of bonus point schemes below shall apply.

Division 20											
Overs available to each side: More than 28				Overs available to each side: 22 to 28				Overs available to each side: 17 to 21 (incl T20 refix)

< 20	1	0	5	< 5	1	0	5	< 5	1	0	5

16.13.3 Net Run Rate

A team’s NRR is calculated by deducting from the average runs per over scored by that team throughout the competition, the average runs per over scored against that team throughout the competition. In the event of a team being all out in less than its full quota of overs, the NRR calculation shall be based on the full quota of overs to which it would have been entitled and not on the number of overs in which the team was dismissed. Only those matches where results are achieved will count for the purpose of NRR calculations.

Where a match is abandoned but a result was achieved using the DLS method, for NRR purposes Team 1 will be credited with Team 2’s Par Score on abandonment from the same number of overs faced by Team 2. Where a match is concluded with DLS having been applied at an earlier point in the match, Team 1 will be credited with one run less than the final target score for Team 2 off the total number of overs allocated to Team 2 to reach that target.

16.13.4 Determining League positions

In the event of two teams finishing level on points obtained in a final league table, the following procedure shall be used to determine finishing positions:

- a If two teams are tied, points achieved in matches between the teams (head-to-head),
- b If three or more teams are tied, or if two teams remain tied after applying (a) above, Net Run Rate in matches between the tied teams will determine final positions.
- c If there remains a tie after applying (b) above, teams will be ranked according to the total number of wickets taken in all league matches,
- d If there remains a tie after applying (c) above, teams will be ranked according to the total number of runs scored in all league matches.

**Minor 2 Cup** No bonus points will apply in this competition.

Law 19 shall apply, subject to the following:

**Law 19.1 Determining the boundary of the field of play** is replaced by:

The distance between a point at the centre of the pitch to be used, and any point on the boundary shall be not less than 30 yards (27.4 metres).

**Minor 2 Cup** A player's unexpired Playing Time shall be a maximum of 35 minutes

If any unexpired Penalty time remains at the end of the first innings, it is carried forward to the second innings of the match.

24.2.3.2 The player shall not be permitted to bat in the match until his/her team's batting innings has been in progress for the length of playing time that is equal to the unexpired Penalty time carried forward from the first innings. However, once his/her side has lost five wickets in its innings, he/she may bat immediately. If any unexpired Penalty Time remains at the end of the batting innings, it is carried forward to the Super Over or Bowl Out, if either is required.

24.2.3.3 If a player leaves the field before having served all of his/her Penalty Time, the balance is carried forward as unserved Penalty Time. On any occasion of absence, the amount of playing time for which the player is off the field shall be added to any Penalty Time that remains unserved, subject to a maximum cumulative Penalty Time of 75 or 35 minutes, and that player shall not bowl until all of his/her Penalty Time has been served.

For the purposes of Playing Regulations 24.2.3.1 and 24.2.3.2 above, playing time shall comprise the time play is in progress, excluding the interval between innings, and any stoppages in play due to issues of ground, weather and light. Note that Law 24.2.9 shall apply, except that Penalty time would apply, up to a maximum of 75 or 35 minutes.

**Law 24.3 Penalty time not incurred**

In addition to Law 24.3, a nominated player's absence will not incur Penalty time if he/she is absent from the field of play for a period of eight minutes or less.

**LAW 25 BATTER'S INNINGS; RUNNERS**

Law 25 shall apply as per the Laws of Cricket subject to the following applicable to non youth players:

**25.4 Batter retiring**

25.4.1 Having scored at least 50 runs in Division 20 or 35 runs in the Minor 2 Cup, a batter must retire their innings when the ball is next dead unless the batting team has already lost nine wickets in the innings or when no other batters are available to bat.

25.4.2 If a batter retires because of illness, injury or any other unavoidable cause, that batter is entitled to resume their innings. If for any reason this does not happen, that batter is to be recorded as 'Retired - not out'.

25.4.3 If a batter retires for any reason other than as in 25.4.2, the innings of that batter may be resumed only at the fall of the ninth wicket or when no other batters are available to bat. If for any reason their innings is not resumed, that batter is to be recorded as 'Retired - out'. Batsmen who are returning under this clause must return in the same order as which they retired.

25.4.4 If after retiring a batter resumes their innings, subject to the requirements of 25.4.2 and 25.4.3, it shall be only at the fall of a wicket or the retirement of another batter.

**LAW 28 – THE FIELDER**

Law 28 shall apply and, in addition, the following clauses shall apply:

**28.7 Restrictions on the placement of fielders**

28.7.1 Two semi-circles shall be drawn on the field of play. The semi-circles shall have, as their centre, the middle stump at either end of the pitch. The radius of these semi-circles shall be 30 yards (27.43 metres). The semi-circles shall be linked by two parallel straight lines drawn on the field (as illustrated in Appendix 2). This fielding restriction area should be marked by a continuous white line or 'dots' at 5 yard (4.57 metre) intervals, each 'dot' to be covered by a white plastic or rubber (but not metal) disc measuring 7 inches (18 cm) in diameter.

28.7.2 At the instant of delivery, no more than 5 fielders may be outside this area.

28.7.3 In the event of an infringement of any of the above fielding restrictions, the striker's end umpire shall call and signal 'No ball'

**LAW 41 – UNFAIR PLAY**

Law 41 shall apply, subject to the following:

**Law 41.6 Bowling of dangerous and unfair short-pitched deliveries**

In addition to Law 41.6, the following will apply:

41.6.6 A fast short-pitched delivery is defined as a delivery that passes or would have passed above the shoulder height of the striker standing upright at the popping crease.

41.6.7 A bowler shall be limited to one fast short-pitched delivery per over, and the umpire at the bowler's end shall advise the bowler and batsman on strike when each such delivery has been bowled.

41.6.8 In addition, a ball that passes above head height of the batsman, standing upright at the popping crease, that he/she is unable to hit with his/her bat shall be called a Wide. Note that any such delivery called a Wide under this Playing Regulation shall also count as the one permitted short-pitched delivery in that over.

**41.19 Switch-Hits**

41.19.1 The batsman's grip and stance should be the same from the start of the bowler's run up until the beginning of the bowler's delivery stride.

41.19.2 The batsman can utilise any grip, as long as he/she does not change it while the bowler is running to bowl.

41.19.3 From the beginning of the delivery stride (defined as the moment that the bowler's back foot lands in the delivery stride) the batsman, if he/she chooses, may start to play the switch-hit stroke.

41.19.4 If the bowler sees the batsman alter his/her grip or stance before he/she enters his/her delivery stride, he/she is not compelled to deliver the ball.

41.19.5 If the bowler does not deliver the ball, in this instance, the umpire shall give the striker an informal warning.

41.19.6 The second time this happens, the striker should be formally warned that he/she is wasting time under Law 41.10 (Batsman wasting time). This shall constitute a first and final warning and be applicable to any batsman in that innings. Any subsequent instances shall result in five penalty runs being awarded to the fielding side.

41.19.7 The bowler, having seen the batsman change his/her grip and/or stance, may decide to bowl at the batsman and is entitled to do so. The umpires should allow this option.

41.19.8 When a switch hit is attempted then, for the purposes of appeals for LBW, the umpire will consider the striker's leg side to be the leg side of his/her original stance. For the purposes of judging a Wide, the 17" line will be used as a guide on both sides of the wicket, as the striker is now considered to have "two off sides".

#### **LAW 42 – PLAYERS' CONDUCT**

Law 42 shall only apply in matches to which LCU&SA have appointed umpires, but the Level 1 to 4 offences, as detailed in Laws 42.2 to 42.5 inclusive, are replaced by those in the CL Code of Conduct document (available on the CL website).

APPENDICES TO THE PLAYING REGULATIONS

APPENDIX 1 – Pitch and Crease Markings

**NOTE 7.3 The popping crease**

The popping crease, which is the back edge of the crease marking, shall be in front of and parallel to the bowling crease and shall be 4 ft/1.22 m from it. The popping crease shall be marked to a minimum of 6 ft/1.83 m on either side of the imaginary line joining the centres of the two middle stumps and shall be considered to be unlimited in length.

APPENDIX 2 – Restriction on the placement of fielders

**APPENDIX 3 – Safety of Young Players**

Cricket Leinster has adopted the CRICKET IRELAND YOUNG CRICKETER DIRECTIVES regarding safety in youth cricket as best practice for all competitive matches under its aegis. In matches where official umpires are present, it is the responsibility of the umpires to ensure that they are enforced as regulations. Umpires should therefore ensure that team lists given to them prior to the start of play clearly identify the precise ages of any players under 18 years of age. In matches where no official umpires are present to enforce the regulation, team captains should make every effort to ensure that the directives are followed as best practice. Clubs should therefore ensure that their team captains are familiar with this practice.

The directives apply to boys and girls. Any reference to he/his should be interpreted to include she/her. Age groups are based on the age of the player on 1 September in the year preceding the competition.

**Batting Directive**

Any batsman under the age of 18 (on the day of the match) must wear a helmet when batting. Non-compliance with this Directive will result in the umpires stopping the game immediately and instructing the batsman to put on a helmet.

**Fielding Restrictions**

No young player in the under 15 age group or younger shall be allowed to field closer than 8 yards (7.3m) from the middle stump, except behind the wicket on the off side, until the batsman has played at the ball.

For those in the under 13 age group and below, the distance is 11 yards (10m). These minimum distances apply even if the player is wearing a helmet.

Should a player in these age groups come within the restricted distance the umpire must stop the game immediately and instruct the fielder to move back. Any player in the under 16 to under 18 age groups who has not reached the age of 18, must wear a helmet, and for boys, an abdominal protector (box) when fielding within 6 yards (5.5m) of the bat, except behind the wicket on the off side.

**Wicket-keepers**

Any wicket-keeper under the age of 18 (on the day of the match) must wear a helmet when standing up to the stumps. This applies to all speeds of bowling. Non-compliance with this Directive will result in the umpires stopping the game and instructing the wicket-keeper to put on a helmet, or stand back from the stumps.

**Bowling Directive**

For the purpose of these Directives, a fast bowler is defined as a bowler to whom a wicket-keeper in the same age group would in normal circumstances stand back to take the ball. This does not preclude the umpires from insisting that these Directives apply even though the ability of the wicket-keeper means that he is capable of standing up to what they consider to be a fast bowler.

**Directives for matches**

Age	Max overs per spell	Max overs per day
Up to 13	5 overs per spell	10 overs per day
U14, U15	6 overs per spell	12 overs per day
U16, U17	7 overs per spell	18 overs per day
U18, U19	7 overs per spell	18 overs per day

In addition to these, it is recommended that in any 7 day period a fast bowler should not bowl more than 4 days in that period and for a maximum of 2 days in a row. For example: in a tournament lasting 5 days, a fast bowler would bowl on days 1 and 2: not bowl on day 3: bowl on days 4 and 5. Having completed a spell, a bowler cannot bowl again, from either end, until an equivalent number of overs to the length of his spell has been bowled from the same end. If a bowler only completes part of his permitted spell, the above restriction still applies. For example, if he/she is allowed 7 overs, but only bowls 4, he/she cannot bowl again, until 4 overs have been bowled from the same end. He/she cannot resume his `spell' after 2 overs from the same end, claiming that he/she is allowed another 3 overs to make up his 7. However, a bowler is allowed to change ends during a spell without taking a rest. This can only be done provided that he/she bowls the next permissible over from the other end.

If there is an interruption in play, whether scheduled or not, he/she will be allowed to count time off the field as part of his `rest time'. During this interruption, the bowler may count every 7 minutes of the interruption as being equivalent to 1 over at each end. If play is interrupted for any reason for less than 40 minutes, any spell in progress at the time of the interruption can be continued after the interruption up to the maximum number of overs per spell for the appropriate age group. In this case, the bowler cannot claim any time off the field as rest time and his spell will still

be in progress even though play is suspended. If the spell is not continued after the interruption, the bowler cannot bowl again, from either end, until the equivalent number of overs to the length of his spell before the interruption has been bowled from the same end. If the interruption is of 40 minutes duration or more, whether scheduled or not, the bowler can commence a new spell immediately.

Once a bowler covered by these Directives has bowled in a match, he/she cannot exceed the maximum overs per day for his age group even if he/she subsequently bowls spin. He/she can exceed the maximum of overs per spell if bowling spin only, but cannot then revert to bowling fast until an equivalent number of overs to the length of his spell has been bowled from the same end. Any spell that includes fast bowling must not exceed the maximum number of overs per spell even if some of the spell is of spin.

**Umpires' responsibility**

The umpires are expected to monitor these players and keep records of the overs such players bowl. Once the maximum allowance for any one spell has been reached, they will inform the player and the captain accordingly, and will not allow the player to bowl again until the requisite rest period has been fulfilled. Prior to the game, the manager / coach / captain will inform the umpires in writing, of any player who comes under this Directive. If during the game, the umpires consider that any other players come under this Directive, they shall inform the Tournament Director and manager / coach / captain as soon as is practical, that these players shall be subject to the above Directives.
