

**Cricket Leinster
Season 2018**

**Women's Branch
General Playing Regulations
and Administration**

Revised 18/04/2018

CRICKET LEINSTER WOMEN'S BRANCH GENERAL REGULATIONS [2018]
(complemented by the Playing regulations)

1. REGISTRATION

- 1.1. All players intending to play in the current season must be registered with Cricket Leinster, using the registration system on the Cricket Leinster website. A player will not be permitted to play in a match or be included in starrings until she has been properly registered in such a manner.
- 1.2. The registration process includes the payment of a fee to Cricket Leinster, the level of such fee to be set by the Board Cricket Leinster.
- 1.3. Any queries regarding player identity in competition shall be reported to Women's Branch who may impose such sanction, or report to the disciplinary committee, as they see fit if they are satisfied that any attempt at identity fraud has been committed.
- 1.4. Players may not be registered to play for more than one club at any one time. However a general exception is provided to players registered with Dublin University in that they may at the same time be registered for another club. For the avoidance of doubt, a player may play in a league fixture for her second club only when the scheduled Dublin University fixtures have passed.
- 1.5. It is the responsibility of clubs to ensure that players competing in any match under the aegis of the LCU are registered. Failure to ensure compliance will result in the Women's Branch Committee either overturning a result, declaring a match void, deducting points or any combination of these sanctions. In extreme cases a monetary fine, as determined by the Disciplinary Committee of the LCU may be imposed by that committee.
- 1.6. Any notice required to be given or any correspondence from the LCU shall be sent by e/mail to the address provided by the club concerned or, if no such address is provided, to the Secretary of the club as set out on the Cricket Leinster website. Correspondence from clubs should be sent by e/mail to womens@cricketleinster.ie
- 1.7. Guest Players for 50 Over League Competition – Each participating club shall inform the committee of any guest players for the 50 over competition. A guest player is considered a player from a club not participating in Division 1 who wishes to play in the 50over section of the league. The guest player must register themselves for their own club as normal and also for the Division 1 club, as new player with '50over' beside their name. For example, 'Jane Doe50over'. Guest players may only play for their guest club in 50 over matches and are not permitted to play in the T20 matches.

2. LEAGUE AND CUP STARRING LISTS

- 2.1. Each participating club shall, prior to the commencement of the league competition, submit a starring list of six named members of the eleven of each team registered in the league. This will be submitted to womens@cricketleinster.ie.
- 2.2. The six players so starred shall not be eligible to play for any lower team(s) of the club in a league competition.
- 2.3. Of the five un-starred players the following shall apply:
 - a) Any three shall be permitted to play in any league match for a lower team, provided that lower team is playing in the division immediately below that in which the team for which they are registered plays.

- b) Any two of the un-starred players shall be permitted in any league match for a lower team, if that lower team is playing in a league that is two divisions below that in which the team for which they are registered plays.
- 2.4. No player who has played at State or International level in the 2 previous years is eligible to play in any league competition below Division 1/Senior Cup and all overseas players must be ratified by the committee on a cricket playing basis.
- 2.5. Clubs are required to submit revised team lists by email to womens@cricketleinster.ie by 20th day of each month, to become effective as and from the 1st day of the following month. This list is subject to ratification by the Women's Competitions Committee at its monthly meeting. A 5 point penalty will be applied for late starring lists.

3. PENALTIES

- 3.1. If it becomes evident to the Women's Branch Committee that a breach of these regulations has occurred, they shall have the authority to issue a warning to the club concerned or impose a penalty including the deduction of points, the declaration of a match to be void, or the reversal of the result of any match affected by the breach of the regulations or report the incident to the disciplinary committee.
- 3.2. The Women's Branch Committee reserves the right to act upon any incident that it considers against the principle of a duty to act fairly that is not specifically covered by these regulations.

4. MATCH BALLS

- 4.1. Only four piece leather balls may be used in cup and league games. Complaints regarding balls should be made to the Women's Branch Committee.
- 4.2. For Division 1 20 over matches and the Women's Senior Cup the prescribed pink 5oz Oxbridge cricket ball must be used for all matches.
- 4.3. For Division 1 50 over matches the prescribed white 5oz Oxbridge cricket ball must be used for all matches.
- 4.4. For Division 2, 3, Junior and Minor Cups a 5oz pink ball must be used for all matches.

5. LEAGUE STRUCTURES

- 5.1. Division 1 will be played as a combination of 20 over matches and 50 over matches. Each team will play each other twice in 20 over format (home and away) and once in the 50 over format. Points will be combined from both formats to determine the Division 1 winner, with the league being awarded based on points percentage.
- 5.2. Division 2 and 3 will be played as a 20 over format. Each team will play each other twice (home and away) with each league being awarded based on points percentage.
- 5.3. In the event of two teams finishing exactly level on points percentages obtained in a final league table, the following system shall be used to resolve the matter
 - a) if two teams tie - points obtained in matches between the teams
 - b) if more than two teams tying or if a) does not resolve it then all then wickets taken in all league matches will be used
 - c) If b) still does not separate them all then aggregate runs scored in all league matches will be used
- 5.4. Teams for each league will be determined by the Women's branch at the beginning of each season. While there is no automatic promotion/relegation, the standings from the previous season will be considered as a large contributing factor.

6. FIXTURES

- 6.1. Fixtures for Division 1 and the Senior Cup shall be made by the Women's Branch Committee. All other divisions shall make fixtures as determined by the committee based on the league structure for that season.

7. POSTPONEMENTS AND REFIXES

- 7.1. Fixtures cannot be postponed and rearranged without the consent of the Women's Competitions Committee. All matches not played on the fixed date must be referred to the Women's Competitions Committee. Re-fixes must be made and notified to the Branch within 3 days of either the decision of the Women's Competitions Committee or the agreement of the two teams, whichever applies or a penalty of 5 points to both teams will apply.
- 7.2. In the case that a match is not played on the fixed date due to weather, weather affected matches will only be re-fixed if both fixtures between the teams are rained off (except in the case of Division 1 50over match and all cup matches). Re-fixes must be made and notified to the Branch within three days of the second un-played fixture or a penalty of 5 points to both teams will apply. If this refix cannot be played due to adverse weather the match shall be decided by a Bowl Out at the venue of the rearranged fixture on the date of this fixture.
- 7.3. The home team shall notify the Team Secretary of the away team at least 2 hours prior to the scheduled commencement of play if it is known that a match is to be cancelled due to bad weather. In addition, the Team Secretary of Division 1 teams will inform the Appointments Secretary of the Leinster Cricket Umpires & Scorers Association (086-305-4164) at least 2 hours prior to the scheduled commencement of play if it is known that a match is to be cancelled due to bad weather.
- 7.4. Inability to field a side due to a lack of players is not sufficient a reason for cancellation of a match. Any team cancelling a match for this reason shall forfeit the points of said match, subject to confirmation by the Women's Competitions Committee. Equally, lack of availability of international players is not grounds for a refix.

8. SUBMISSION OF MATCH INFORMATION

- 8.1. Official scorecards MUST be submitted by the home team to www.CricketLeinster.ie within 3 days of the match being played. A 5 point penalty will apply for late submission of scorecards.
- 8.2. In All Divisions, no bonus points will be awarded in the event that a match is tied or is decided by a bowl out.
- 8.3. In matches where there are officially appointed umpires the captains of both sides are required to submit Umpire Reports via <http://www.whostheumpire.com>

9. NON-TURF PITCHES

- 9.1. All Division 1 and Senior Cup matches must be played on grass wickets unless the weather conditions do not permit this in which case, proved that both captains and umpires agree, the match may be played on an artificial surface.

10. SAFETY OF YOUNG PLAYERS

10.1. Restrictions apply in this regard. These are contained in an appendix in each of the various sets of competition regulations.

11. CHILD PROTECTION

11.1. The provisions set out in the Child Protection section on the Cricket Leinster website apply to all activities.

12. UNFAIR PLAY

12.1. Provisions covering this are contained in the various competition regulations.

13. SUSPECT BOWLING ACTIONS

13.1. LCUSA Procedure - The following is the recommended process to be followed in the event that an Umpire suspects that, in his/her opinion, an individual player's bowling action may not conform to the Laws of Cricket.* NOTE: This process does not apply to a clear and obvious contravention of Law 24.2, which shall be applied at all times.

- a) On the first occurrence in a match of what the umpire suspects is an illegal action the umpire should make a note, to be used as a formal record if required in future, containing the name of the player, over and ball.
- b) Upon a second occurrence (recorded as above) the umpire concerned should first establish if his colleague has similar concerns / recordings.
- c) The Captain of the fielding side must be alerted in the presence of both umpires as to the nature and recorded facts of the observations and informed that a report will be made in writing to the LCU&SA immediately following the completion of the game. It is the responsibility of the Captain to inform the player concerned and the game should continue without undue delay. The calling of subsequent "No Balls" should be discouraged as finite assessment would not have been made at that time.
- d) If in the opinion of BOTH Umpires their concern regarding the player's bowling action is of such a nature that it could affect the game itself, then TOGETHER they may agree to
- e) Advise the Fielding Captain of their concerns and recommend that he takes appropriate action, which could mean amending delivery action or remove from bowling attack
- f) Inform the Captain, who will inform the bowler, that each subsequent delivery, suspected to be illegal, WILL be called "No Ball."
- g) Post Match Report - A concise report must be written by the observing Umpire(s) and signed by both Officials to be sent within 48 hours of the game to the LCU&SA Honorary Secretary.
- h) Upon receipt of the report the details of the report will be entered into a database maintained by the LCU&SA Hon Secretary only. For information purposes the LCU&SA will make regular reports to the Cricket Leinster group advising of the number of reports on the database.
- i) If the report is the second regarding the player and his/her bowling action, within any 36 month period, the LCU&SA will notify the relevant Cricket Leinster group (OCC, Womens Branch, Youth Branch). (Subsequent reports from the same umpire will not count as a second report.) The player must not bowl until an assessment of the bowling action has taken place.
- j) The relevant Cricket Leinster group secretary refers the issue to the players club advising that they carry out an internal assessment and make a report back to that group. This assessment and report should happen within a 14 day period of notification. (See 20.2 and 20.3 below re criteria)
- k) This report is considered by the Cricket Leinster Director of Coaching (DOC)

- l) If that report clears the bowlers action and the report is accepted by the DOC, the player is free to bowl in all competitions.
- m) If that report identifies an issue with the bowlers action OR if the conclusions of the report are not accepted by the DOC, an independent review will be made of the bowlers action. This will be done under the auspices of the DOC or his/her representative
- n) The Independent review clears the bowlers action. The player is then free to bowl in all competitions. OR The Independent review identifies the need for remedial work to the bowlers action,
- o) Remedial action is undertaken by the bowler.
- p) A further independent review is carried out . Revert to (k) etc..

13.2. Cricket Leinster Criteria for Evaluating Suspect Bowling Actions

- a) If a bowler has been the subject of two umpires' reports relating to a suspect action (as outlined in the Cricket Leinster "Suspect Bowling Action Reporting Process" available in the Regulations/Guidance section of the Cricket Leinster website), the player's action will be assessed to determine if the action is legal or not.
- b) If video footage is required to be analysed by the Cricket Leinster Suspect Actions Review Group, this must be submitted as outlined in 20.3 below. Any such footage will be reviewed by the group and a determination made as to the fairness of the action, based on the ICC Regulations for Review of Suspected Illegal Bowling Actions, which sets a limit of 15o of straightening of the arm during the action:
- c) Outcome of review
 - i. The review clears the bowlers action – see 20.1.(xii) above.
 - ii. Where the review determines that one or more, but not all, types of delivery are illegal, the bowler may not subsequently bowl the delivery or deliveries identified as illegal in a match, until remedial work has been completed and video evidence submitted to verify the legality of the amended action (as outlined in the Reporting Process). The bowler may continue to bowl the delivery or deliveries determined to be legal during the review. This information will be conveyed to the player's club and to the LCU&SA to ensure correct implementation of the decision.
- d) In order for a type of delivery to be deemed illegal during the review process, only one example of the delivery need be determined to be illegal (i.e. above the 15o limit for straightening of the arm).

13.3. Cricket Leinster Guidelines for Video Recording of Bowlers Reported for Suspect Actions

- a) In order for the club to properly assess its own player, it may have to review video evidence. If it becomes necessary for the CL Suspect Actions Review Group to assess the action, then video evidence will be required. In order to ensure consistency of the evaluation process, the following guidelines on video recording of bowlers have been prepared:
- b) To ensure the highest quality of slow motion or still images of the video, the recording should be done with the maximum possible number of frames per second. This is particularly important if it becomes necessary to use biomechanical software to evaluate the angle of the bowling arm throughout the delivery. Many smart phones and tablets are capable of recording video at 60 frames per second, and the more modern devices can record at even higher speeds. Dedicated video cameras may be capable of even higher frame speeds. In order for accurate analysis to be performed of still frames from the video, 50 frames per second is the minimum speed required.

- c) The bowler should be recorded from side on and from behind for each type of delivery. Side-on means level with the popping crease on the same side as the bowling arm, i.e. on the leg side for a right arm bowler bowling to a right handed batsman, and from behind means directly back from the bowler's end umpiring position. Avoid filming of the bowler against a dark background as this makes it more difficult to evaluate the angle of the bowling arm throughout the action.
- d) The recording should be made from a distance far enough back in each case (but no further) to ensure that the bowler's body, including all four limbs, is fully visible throughout the action.
- e) The bowler should wear a short-sleeved top for the video recording, to ensure that the positions of the upper and lower arms can be accurately determined throughout the action.
- f) The recording should include the bowler's stock delivery and any variations bowled – e.g. alternate ball, quicker ball etc. These should all be bowled at normal match speed. Three examples of each delivery should be filmed from behind and three from the side.
- g) A voice over on the recording should identify each of the deliveries as it is about to be bowled.
- h) It may be necessary to submit a number of separate emails to the Women's Branch Committee if the total file size is too large for transmission in a single email.
