Regulations

1. Under Junior Boys A league regulations govern the Junior Boys Cup and Plate.
2. Fixtures must be completed before the next designated Cup weekend.

JUNIOR 20/20 (Gerry Duffy CUP)

Regulations

1. Students sitting the Junior Cert Examination are not eligible to play in this competition.
2. **Players must be in Second Year or below in Year 2017/2018.**
3. Innings will consist of a maximum of 20 overs.
4. Each innings can last for a maximum of one hour and twenty minutes.
5. In the first innings, if 20 overs have not been bowled in the time allotted, the innings terminates at the end of the over in progress at that time.
6. The second innings will be confined to the number of overs bowled at the 80 minute point in the first innings.
7. The second innings will end after the over being bowled at the eightieth minute.
8. No bowler may bowl more than 4 overs.
9. The team scoring the most runs will be the winner.
10. If the scores are level at the end of a match the team which loses fewer wickets will be the winner. If wickets lost are equal in this case, the winner will be the team with the higher score after 10 overs or, if still equal, after 9 overs and so on until a winner is determined.
11. Where a match cannot be completed on the same day it must be refixed on that day for a date inside the time frame for section matches. Otherwise it must be decided by a bowlout involving all 11 players on each side.
12. A no-ball called for a foot fault shall be followed by a “free hit”, i.e. a ball off which the batsman cannot be out in the same way as if such ball itself was a No-ball. The free ball shall count as a delivery in the same over.
13. No-balls and wides will each attract a penalty of 1 run, as well as any additional runs scored. An extra ball must be bowled.
14. Points: Win 4 Tie or no result 2
15. Section matches to be played by Tuesday 19th June.
16. Section winners will play Section runners up in the semi finals and final to be played on Friday 22nd June.

UNDER-15 A LEAGUE (A.B. Robertson Cup)

Regulations

1. Clubs are advised to make themselves familiar with the contents of the Youth Safety Regulations. (see under Regulations – Youth Safety).
2. **Players must be under 15 on 1st September 2017.**
3. The wicket shall measure 22 yards in length and an artificial wicket can be used. The home team using an artificial wicket should advise visitors about conditions e.g. no spikes allowed.
4. Each side will bat for 30 overs unless all out earlier. Subject to a minimum of 20 overs a side matches of 20 or 25 overs can be played subject to time restrictions.
5. The winning team will be the side with the highest score (or where the number of overs in each innings is unequal, the higher run rate per over shall be the winner).
6. If the scores are equal at the end of a match then the side which loses fewer wickets, when the available overs have been bowled, will be declared the winner.
7. If the number of wickets lost by each team is equal and if both teams score an equal number of runs (or an equal number of runs per over where number of overs bowled in each innings is unequal) the match is a tie.

In the event of an uncompleted match where the side batting second has not had the opportunity to complete the number of overs to which it is entitled and has neither passed their opponents score nor been bowled out, then, subject to the minimum number of overs as set out in Regulation 10(c), the winner shall be the team that has scored the higher number of runs per over (the number of overs calculated as set out in these regulations).

8. Interrupted Matches

(a) First innings:

The number of overs available to each side will be reduced by one for each seven minutes of playing time lost.

The run rate will be calculated as the number of runs scored divided by the number of available overs. For example, if the number of overs is reduced from 30 to 25, because of rain, the number of available overs is 25, even if the side is bowled out in fewer overs.

(b) Second Innings

From the end of the first innings, a further deduction of one over shall be made for each three and a half minutes of playing time lost. The target score will be the run rate for the first innings multiplied by the number of available overs for the second innings (ignore fractions), plus one run. The match is at an end when the side batting second reaches the target score.

Example: Because of rain, only 25 overs are available to side A, which is bowled out for 120 runs in 25 overs. The run rate is $120/25 = 4.8$ runs per over. Again because of rain, side B's innings is limited to 18 overs. The target score i.e. therefore $4.8 \times 18 = 86.4$. When rounded this becomes a target score of 87 (i.e. $86 + 1$).

(c) Minimum Overs

Note that the number of overs may not be reduced below 17. If 17 overs are not bowled in the second innings and a result is not otherwise obtained, the match will be recorded as a 'no result' and the match can be refixed. In the event of 17 overs not being bowled due to interruptions by 4.00 p.m. the first innings shall end on the completion of 17 overs.

11. A limit of 6 overs maximum per bowler applies in respect of all bowlers (fast or slow).

In the event that a match, before it has actually commenced, is reduced to one of less than 30 overs per side, then the maximum number of overs that a bowler may bowl shall likewise be reduced as follows:

Match reduced to between 26 and 29 overs – maximum 6.

Match reduced to between 17 and 25 overs – maximum 5.

12. No fielder can field closer than 8 yards from the batsman except the wicketkeeper or any other fielder behind square on the offside.
13. A batter must retire when he has exceeded 74 runs and may not return.
14. A standard sized cricket ball shall be used for games.
15. Those eligible to play in this competition are (a) players eligible to play for Ireland or (b) players permanently resident in Ireland or (c) players who have received permission from the Club Youth Sub Committee.

16. Points

Win 20 points Tie 10 points not refixed for rain 5 points

17. The winners of North Section will play the runner up of South Section and the winners of South Section will play the runner up of North Section in the semi finals with the two section winners having home advantage.
18. If less than 50% of the available overs have been bowled and the game is abandoned due to weather, the match may be refixed.
19. The last date for completing Under 15 A fixtures is Wednesday 15th August.
20. Matches to commence at 1.00 p.m. Availability of the ground beyond 6.00 p.m. to be determined at the start of the match.
